Your authorized Bobcat® Dealer is proud to offer Used Equipment Extended Service Protection Plan (ESPP) thru EPG.

EPG is a proven leader in the extended service contract business for the equipment industry. Our programs are designed to provide added protection, value, peace of mind and savings when purchasing a used piece of equipment.

What is Used Equipment ESPP: Used Equipment ESPP is available for purchase on equipment outside the base warranty period. Our ESPP provides coverage against defects in material and/or workmanship after the manufacturer's standard base warranty has expired.

Why Used Equipment ESPP: The Used Equipment ESPP can help to minimize the unforeseen costs for equipment repairs. For a minimal investment, often less than the cost of one repair, you can protect the machine's major components. Should a failure occur, simply contact the selling or nearest authorized Bobcat dealer for repair.
