

GROUND PROTECTION MATS

Access Your Jobsite Without Damaging Turf, or Getting Stuck in the Mud!

Save time and money when you invest in Bobcat® Ground Protection Mats. Minimize costly damage your equipment usually leaves behind, and reduce equipment wear and tear in muddy conditions. Bobcat Ground Protection Mats can be used in a variety of applications like: construction sites, golf courses, utilities, landscaping, tree care, cemeteries, or drilling. Available in a variety of sizes to meet the needs of your equipment, mats are rugged and durable to stand up to years of use.

- Feature maximum traction diamond plate tread design
- 1/2" thick mat with tread design on both sides
- Quick set-up, use with or without Turn-A-Links
- Withstands up to 60 ton loads
- Lasts for years - more durable than plywood
- Stands up to extreme weather conditions
- Moisture and rot proof
- Limited 6 year warranty

3' x 8' Mats Feature Bobcat Logo!

***White mats are ideal for hot climates and reducing turf brown out!**

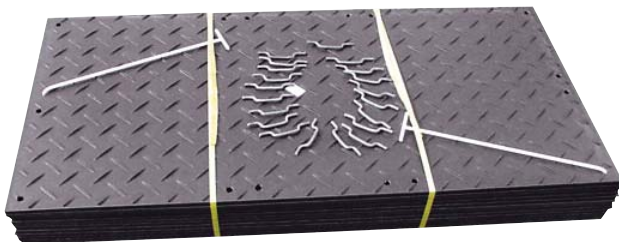

Outrigger Pads

Outrigger pads are lightweight, won't splinter, warp, or delaminate. They feature a safety texture to avoid slipping, and rope handles for portability. Limited lifetime replacement guarantee.

Accessories

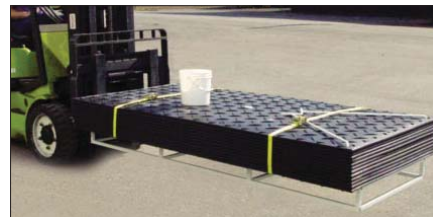

Add links to mats when conditions call for a locked set-up. Single hooks link together 2 mats. Double hooks link together four mats at a common center.

Handi-Hooks make moving mats easy, even in difficult terrain. Made of durable steel.

Designed to make a 45° turn, corner wedges are available for advanced use of ground protection mats. Combine with Turn-A-Links for heavy/repetitive trip use.

Steel storage racks are ideal for storage and transportation of multiple mats. Fork lift can access and lift rack from all sides.

Product No.	Description
6983212	Single Steel Turn-A-Link
6983213	Double Steel Turn-A-Link
